Testimonial to Mr. Sanjay Rane of SAP Global Logistics

We are into distribution of medical devices. Recently one consignment was sent by our principal through foreign post office and it was held up at Mumbai foreign post office for a long time without giving any proper reasons. We approached Mr. Sanjay Rane of SAP Global Logistics and explained our situation. Normally CHAs are reluctant to take courier and foreign post office custom clearance but Mr. Sanjay Rane agreed to help us.

We sent all relevant import documents and explained the item imported by us to his team. His team immediately acted upon and cleared the matter with the custom officer. As committed by Mr. Sanjay Rane, we received the parcel on the day mentioned.

We are indeed happy with professional approach and commitment of SAP Global Logistics Team.

I would strongly recommend my business friends for using his services for their Import-Export related matters.

I wish SAP Global Logistics team all success.

Warm regards
